

ACP Cloud Computing Professional

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

1. ECS

- Familiar with ECS-related concepts, incldng regions and zones,etc
- Advantages, billing polics, app scenarios, APIs and SDKs of ECS.
- Able to deploy applications based on ECS products.etc
- Able to discover and resolve common problems arising
- Implement app solns based on ECS, RDS and etc.,

2. Auto Scaling

- Basic concepts related to Auto Scaling, incldng scaling groups, etc
- Auto Scaling features, prodct advntgs & common app scenarios.
- Auto Scaling's specific configuration and operations
- Prevent and solve common problems arising during use.
- Able to implmt application solns based on Auto Scaling and etc

3. Server Load Balancer

- Server Load Balancer-related basic concepts and features
- Server Load Balancers product advantages & its app scenarios.
- Usage, operation & maintenance of Server Load Balancers
- App solns based on Server Load Balancer as well as ECS etc

Course Modules

4. VPC

- Familiar with VPC-related concepts, including VPCs, Vrouters, etc
- Knowlge about the advantages and app scenarios of VPC products.
- Knowlge about the usage & operatn of VPCs, Vswitches, EIPs, etc
- Knowlge abt the securty & config as well as use restrictions of VPCs.
- Able to carry out VPC monitoring and O&M.
- Implmt of intrconnectn solns betw VPCs through Express Connect.
- Able to use ECS, Server Load Balancer and OSS products

5. OSS

- OSS-related concepts, including regions, buckets, objects, etc
- The advantages, app scenarios and billing models of OSS prdcts.
- Knowlge abt the mngmt, use & opertns of OSS buckets and objects.
- Familiar with the image processing capabilities offered by OSS.
- Familiar with comon pblms arising durg the usage of OSS prdcts.
- Able to implement app solns based on OSS as well as ECS, etc.,

6. CDN

- Familiar with CDN-related basic concepts, including DNS, & etc
- The advantages, app scenarios & billing modes of CDN products.
- Able to carry out basic config & optimization of CDN
- Implmnt app solns based on CDN as well as ECS & OSS prodcts.

7. Alibaba Cloud Security services and Cloud Monitor:

- Decurity awareness and security basics of using Cloud services.
- Has knowledge about Alibaba Cloud Security series
- Discover DDoS attacks, brute force psword cracking attacks, etc.
