Online Course

Zetlan Technologies

Course	:	**Dell PowerStore Operate**
Company	:	**ZETLAN TECHNOLOGIES**
Website	:	**www.zetlantech.com**
Cell	:	**+91 9600579474 / +91 8680961847**

Course Modules

1. **PowerStore Concepts and Features**
   - Describe the PowerStore system and use cases
   - Identify the PowerStore system configurations and models
   - Overview of PowerStore architecture & hardwar components

2. **PowerStore Administration**
   - Create and administer management users on PowerStore
   - Configure and manage host and host groups
   - Manage data protection policies for storage resources

3. **PowerStore Block Provisioning**
   - Manage block storage
   - Manage host access to block storage resources
   - Apply a protection policy to block storage resource
   - Create a manual snapshot of block storage resource
   - Perform snapshot restore and refresh operations
   - Perform intercluster data migration
   - Configure and manage Thin Clones
   - Describe and administer data encryption
   - Monitor PowerStore block storage resources

Dell PowerStore Operate

4. PowerStore File Provisioning

- Manage file storage
- Manage client access to file storage resources
- Apply a protection policy to a file storage resource
- Create a manual snapshot of a file storage resource
- Perform snapshot restore and refresh operations
- Configure and administer file system quotas
- Configure and administer NDMP backup support
- Monitor PowerStore file storage resources

5. PowerStore VMware Provisioning

- Configure VMware storage
- ESXi host access to PowerStore VMware storage resources
- Apply a prtectn policy to a virtual machine created on a vVol
- Describe intercluster virtual machine migration (vMotion)
- Monitor VMware storage resources

6. PowerStore Remote Protection

- Manage remote replication of block storage resources
- Manage remote replication of file storage resources
- Manage remote replication of VMware storage resources

7. PowerStore Migration

- Describe the PowerStore Migration feature and process
- Identify the PowerStore Migration reqrmt and capabilities
- Migration feature to import data from supported sources
- Perform migration operations

LEARN REMOTELY!!

The efficiency of online learning
in terms of time management,
flexibility, and the ability
to access resources anytime,
anywhere can be compelling.
