Dell VxBlock Deploy

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

1. VxBlock Hardware Installation
- Describe the VxBlock System site installation process
- Identify key information in VxBlock System documentation
- Power on and connect the VxBlock System
- Troubleshoot the installation

2. VxBlock 1000 Implementation
- Locate the validation procedures and support documentation
- Connect the VxBlock System to the customer network
- Validate VxBlock 1000 installation using the LCS & Test Plan
- Describe how to perform knowledge transfers

3. VxBlock Hardware Expansion Implementation
- Describe requirements and considerations
- Locate required doc & othr resources support expansion
- Describe the process used to expand the VxBlock system
- Validate a VxBlock 1000 expansion

4. RCM Upgrades on VxBlock
- Describe the phases of an RCM upgrade & responsible parties
- Identify tools used to plan and execute an RCM upgrade
- Describe how to perform an RCM upgrade

Dell VxBlock Deploy

5. Software Defined Networking (SDN) Concepts & CI/HCI
- Discuss the elements that make up an SDN
- Explain VMware NSX components, their functions & benefits
- Explain Cisco ACI components, their functions and benefits
- Identify considerations fr implement NSX & ACI on CI systems
- Explain architectural diff betw VMware NSX and Cisco ACI

6. Cisco ACI Integration with DELL EMC CI Systems
- Identify ACI use cases, key features, and related hardware
- Explain the ACI Logical Model
- Describe ACI integration with Dell EMC VxBlock systems

7. VMware NSX Integration with DELL EMC CI Systems
- Discuss specific use cases for VMware NSX
- How VMware NSX is integrated into Dell EMC CI infrastrtr
- Explain the procedure for configuring a logical switch

8. CPSD Technology Extension for Isilon
- Describe the nature and use of the CPSD Technology
- Hardware components, wth a newly add Isilon strage system

9. Extending Networks in the Datacentre

- Network virtualization as it relates to a Converged Infrastrtr
- Explain the VXLAN Overlay Network architecture
- Various transport layer protocols & how thy usd for comnctn
- Discuss network services that provide connectivity, etc.,

LEARN REMOTELY!!

The efficiency of online learning in terms of time management, flexibility, and the ability to access resources anytime, anywhere can be compelling.
