GIAC Critical Infrastructure Protection Certification

Course Modules

1. BES Cyber System Categorization

Knowledge of Attachment 1 Criteria, Operational Effects & Impacts, NERC Functional Model, BES Reliability Operating Services, BES Cyber Asset Identification

2. Configuration Change Management and Vulnerability Assessments

Knowledge of Change Management, Configuration Monitoring, Vulnerability Assessment, Transient Cyber Assets, Removable Media

3. Electronic Security Perimeter(s)

Knowledge of Electronic Security Perimeter Architecture, External Routable Connectivity communication, Access Rules, Dial-Up, Malicious Communication Detection, Intermediate Systems and Interactive Remote Access, Multi-factor Authentication

GIAC Critical Infrastructure Protection Certification

4. Incident Reporting and Response Planning

Knowledge of Incident Response Plan, Incident Response Plan Testing and Exercise, Incident Response Plan Reporting

5. Information Protection

Knowledge of Information Protection Program, Identification, Classification, Protection, Disposal, Reuse

6. NERC CIP Terms and Definitions

Knowledge of terms and definitions relevant to BES, NERC, and CIP

7. Personnel & Training

Knowledge of Awareness Program, Cybersecurity Training Program Personnel Risk Assessment, Access Management Program

8. Physical Security of BES Cyber Systems

Knowledge of Physical Security Plan, Physical access controls, Visitor control program, Maintenance and Testing, Monitoring, Logging and Alerting

GIAC Critical Infrastructure Protection Certification

9. Recovery Plans for BES Cyber Systems

Knowledge of Recovery Plan, Recovery Plan Testing and Exercise, Recovery Plan Reporting

10. Security Management Controls

Knowledge of Senior Manager Requirements, Policies, Low facility Requirements

11. Standards Development

Knowledge of Compliance Monitoring and Enforcement Program, Request For Interpretation, Standards Authorization Request, Urgent Action Request, Balloting, Violation Svrtty Level, Violation Risk Factor

12. Standards Enforcement

Knowledge of Audit Prep, Enforcement Treatment, Reliability Standards Auditor Worksheet, Reliability Assurance Initiative, Interactive Remote Access, Internal Controls Evaluation

GIAC Critical Infrastructure Protection Certification

For Enquiry: +91 8680961847

13. System Security Management

Knowledge of Port and Service management, Patch Management, Malicious Code Prevention, System Logging, Authentication Requirements, Account management, Monitoring and Alerting
