H3C Certified Network Engineer for Server

Course Modules

1. Fundamentals of Service

- Introduction to industrial standard servers
- Hardware structure and technologies of servers
- Frequently used server Oss

2. H3C rack-mounted server

- H3C UniServer G3 server family
- H3C UniServer 2000 server
- H3C UniServer 4000 server
- H3C UniServer 5000 server
- H3C UniServer 6000 server

3. Config mngmnt of H3C rack-mounted server BIOS & RAID card

- POST of H3C UniServer G3 servers
- BIOS of H3C UniServer R2000 & 4000 G3 servers
- BIOS of H3C UniServer R6000 G3 servers
- RAID card Configuration of H3C UniServer G3 servers

H3C Certified Network Engineer for Server

4.H3C rack-mounted server out-of-band management

- HDM overview
- Server management with web page
- Server management with IPMI tools
- Server management with Redfish interface

5.H3C Rack-mounted server OS installation

- OS compatibility of H3C rack-mounted servers
- Installation of Windows Server 2012R2 OS
- Installation of Red Hat Enterprise Linux 7.2 OS
- Installation of VMware ESXi 6.0 OS
- Installation of hardware drivers
