

HPE Edge-to-Cloud Solutions

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

1.HPE value proposition

- o Current workloads and their characteristics
- o HPE portfolio positioning
- o Types of solutions and their use cases
- o Business continuity requirements and solutions
- o Available resources including tools used for sizing
- o HPE InfoSight
- o HPE GreenLakesolutions

2.Planning & designing networking elements of an HPE soln

- o Aruba CX switches
- o LAN networking
- o Virtual Switching Extension
- o Data Center Bridging protocols
- o Aruba NetEdit
- o Management options
- o Protocols (FC/iSCSI/NVMe-oF/RoCE)
- o SAN topologies

HPE Edge-to-Cloud Solutions

3.Planning and designing compute elements of an HPE soln

- o HPE Synergy platform:
- o Architecture and Virtual Connect technology
- o HPE EdgeLine portfolio
- o HPE Moonshot portfolio

4.Planning and designing storage elements of an HPE soln

- o HPE Alletra 6000 and 9000
- o HPE SimpliVity
- o HPE GreenLake for Storage
- o HPE Alletra 6000, 9000 and HPE SimpliVity

5.Planning and designing a software-defined storage solution

- o Scality, Cohesity, Qumulo
- o HPE Ezmeral Data Fabric
- o HPE hardware platforms
- o Sizing a solution

6.Planning and designing a containers solution

- o Containers concept and their advantages
- o Kubernetes
- o CSI driver concept
- o CSI-supported HPE solutions
- o Container protection solutions

7.Planning and designing a data protection solution

- o Snapshot and Replication
- o Data protection concepts (theory, terminology)
- o Backup topology
- o Ransomware
- o Back up Types (full,incremental (forward & reverse), synthetic)
- o StoreOnce, StoreEver
- o Compression and Deduplication

8.Integrating data protection software and services

- o Catalyst integrations
- o Veeam integrations with HPE hardware products
- o Short-term protection products and technologies
- o Long-term protection products and technologies
- o Zerto architecture
- o HPE GreenLake data protection offerings
- o HPE Data Services Cloud Console protection policies
