HPE Virtual Desktop Infrastructure Solutions

Zetlan Technologies
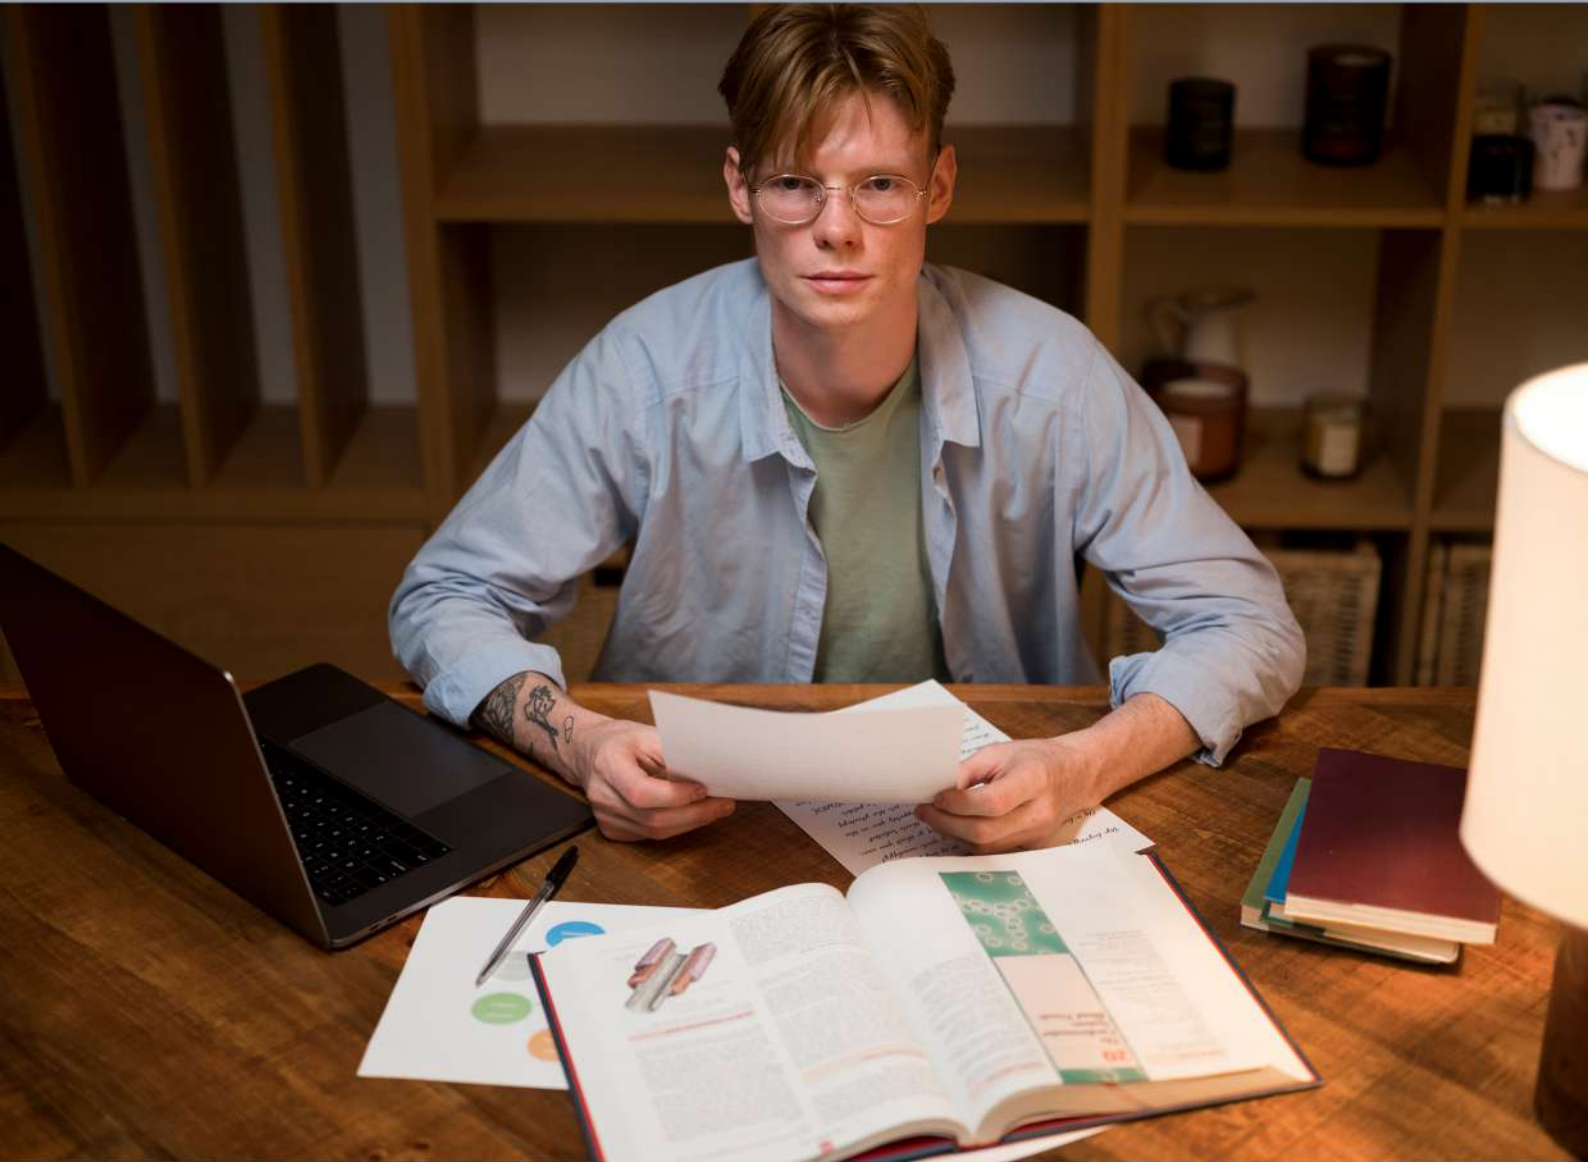

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

1. **Introduction to Virtual Desktop Infrastructure (VDI)**
   o VDI use cases and definitions
   o High-level of HPE solutions for VDI

2. **Understand the Customer's VDI Requirements**
   o Determine user and workload requirements
   o Plan GPUs
   o Determine requirements for availability, backups, security, etc.,

3. **Design HPE Solutions for Citrix**
   o Intro to Citrix Virtual Apps and Desktops architecture & concepts
   o Image provisioning and management with Citrix
   o Options for enhancing the Citrix solution
   o Citrix licensing
   o Design HPE solutions for the Citrix control components
   o Design HPE compute and storage solutions for hosting VMs
   o Example designs based on HPE Reference Architectures (RAs)

4. Design HPE Solution for VMware Horizon

- o Introduction to VMware Horizon concepts and architecture
- o Image provisioning and management with Horizon
- o Horizon licensing
- o Design HPE solutions for the Horizon control components
- o Design HPE compute & storage solns for Horizon desktops pools
- o Example designs based on HPE RAs

5. HPE GreenLake for VDI

- o Introduction to HPE GreenLake and as-a-service (aaS) in general
- o Use cases for HPE GreenLake for VDI
- o HPE GreenLake for VDI offerings
- o HPE GreenLake for VDI benefits

6. Present the HPE VDI Solution

- o Guidelines for running a successful PoC
- o Guidelines for explaining solution benefits
- o Differentiate HPE solutions from the competition

LEARN REMOTELY!!

The efficiency of online learning in terms of time management, flexibility, and the ability to access resources anytime, anywhere can be compelling.
