

HCIP-Storage V3.0

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

Data Storage Technology Presentation

1. Flash Storage Technology Presentation

- Product Introduction
- Software Technologies
- Flash Storage Features
- Typical Application Scenarios

2. Data Protection Product Technology Presentation

- OceanProtect Backup Storage
- Data Protection Appliance
- OceanStor BCManager

Zetlan Technologies

3. Scale-Out Storage Technology Presentation

- Product Introduction
- Key Technologies
- Key Features

4. Hyper-Converged Infrastructure Technology Presentation

- Hyper-Converged Infrastructure Overview
- FusionCube Product Introduction
- FusionCube Key Components
- Data Center Solutions
- Enterprise Branch Solutions

5. Storage Learning Paths

- Storage Documentation
- Storage Tools
- Learning Paths

Data Protection Solution Technologies

6. Data Protection Basics

- Overview of Data Protection
- Disaster Recovery Basics
- Backup Basics

7. Backup Solutions

- Solution Overview
- Solution Architecture
- Key Technologies

8. Active-Passive DR Solution

- Solution Overview
- Solution Architecture
- Key Technologies

9. Active-Active DR Solution

- Solution Overview
- Solution Architecture
- Key Technologies

10. Geo-Redundant 3DC DR Solution

- Solution Overview
- Geo-Redundant DR Networking Schemes
- Geo-Redundant DR Technologies
- DR Management

11. Data Protection Solution Planning and Design

- Planning and Design Overview
- Storage Planning and Design Tools
- Data Protection Solutions
- Backup Solution Planning And Design
- DR Solution Planning and Design

Data Migration Solution

12. Data Migration Basics

- Data Migration Overview
- Introduction to Data Migration Technologies

13. Migration Solution Planning and Design

- Introduction to the Data Migration Solution
- Planning and Implementation of the Data Migration Solution

Data Storage Management and O&M

14. Huawei Data Management System

- Development Trend of Data Management
- Huawei Data Management System
- Data Management and Operation Products

15. Data Storage Management and O&M Practices

- Storage System Operation Management
- Introduction to Intelligent Storage O&M
- DME Storage Deployment and Configuration

16. Storage System Troubleshooting

- Fault Overview
- Troubleshooting Preparations
- Case Analysis

The logo for Zetlan Technologies features a large, stylized, light gray letter 'Z' that serves as a background. In the foreground, the words 'Zetlan Technologies' are written in a clean, sans-serif font, also in a light gray color.

Zetlan Technologies

**LEARN
REMOTELY!!**

The efficiency of online learning
in terms of time management,
flexibility, and the ability
to access resources anytime,
anywhere can be compelling.
