

HCIP-Big Data Developer

Online Course

ZETLAN TECHNOLOGIES
www.zetlantech.com

Course Modules

- 1. Big Data Scenario-based Soln — Offline Batch Processing Theory**
 - Offline processing solution
 - Introduction, technical principles, parameter attributes, & impntnt
 - Offline batch processing cases
- 2. Big Data Application Development Guide**
 - Class opening
 - Mainstream big data technologies
 - Scenario-based big data solution
 - Big data application development
- 3. Big Data Scenario-based Soln — Real-Time Stream Procesg Theory-1**
 - Real-time stream computing application solution
 - Introduction, technical principles, parameter attributes, & impntnt
- 4. Big Data Scenario-based Solution — Real-Time Retrieval Theory-2**
 - Real-time retrieval cases

HCIP-Big Data Developer

- Big Data Scenario-based Solution — Real-Time Retrieval-practice-1**
Project practice of the scenario-based solution — real-time retrieval
- Big Data Scenario-based Solution — Real-Time Stream Processing**
Real-time stream processing configuration solution & success cases
- 5. Big Data Scenario-based Solution — Converged Data Warehouse**
- Converged data warehouse cases
- 6. Big Data Scenario-based Soln — Converged Data Warehouse-prctc**
- Project practice of the scenario-based soln — converged data
- 7. Big Data Scenario-based Solution — Real-Time Retrieval-practice-2**
- Project practice of the scenario-based soln — real-time retrieval
- 8. Big Data Scenario-based Solution — Real-Time Stream Processing**
- Project practice of the scenario-based soln — real-time streamng
- 9. Big Data Scenario-based Solution — Real-Time Stream Processing**
- Project practice of the scenario-based soln — real-time streamng
- 10. Big Data Scenario-based Solution — Converged Data Warehouse-**
- Project practice of the scenario-based solution — converged data
 - Class closing

HCIP-Big Data Developer

For Enquiry: +91 8680961847

- 11. Big Data Scenario-based Solution — Converged Data Warehouse**
 - Background of data warehouse
 - Introduction to DWS
- 12. Big Data Scenario-based Solution — Real-Time Retrieval Theory-1**
 - Real-time retrieval solution
 - Intro, technical principles, parameter attributes, & imprtnt config
- 13. Big Data Scenario-based Solution — Offline Batch Processing**
 - Project practice of the scenario-based soln — offline processing
- 14. Big Data Scenario-based Soln — Offline Batch Processg-practice-1**
 - Project practice of the scenario-based soln — offline processing

Free Advice: +91 9600579474

www.zetlantech.com

**LEARN
REMOTELY!!**

The efficiency of online learning
in terms of time management,
flexibility, and the ability
to access resources anytime,
anywhere can be compelling.
